Chemistry Dept., Indiana University of Pennsylvania, Indiana PA 15705, USA

Registration form

This completed form must be received by Prof. Bryan Craven by June 1, 2007 at the above address, or electronically by Prof Charles H. Lake at lake@iup.edu. Only the first 25 registrants can be accepted.

Title First name Last name

Name, department, street address, town, state or province and country:

E-mail address:

Will you need campus parking?

Will you be travelling by air?

Will you require campus housing?

If “yes”, are you male or female?

Does your research concern single crystal methods? Powder methods?

Will you be bringing a sample for X-ray data collection?

If so state briefly the type of chemical compound; powder or single crystal?

(Preference will be given to samples that are stable and for which data collection under ambient conditions will be satisfactory.)

.....

*Note that the registration fee for the Course is \$US250 (\$600 for students from Corporate Labs). Campus housing is available for 10 days for an additional cost of \$US400 (registration plus housing totals \$US650 / \$US1000 for Corporate Labs). A check for the total amount (which must be drawn

on a U.S. bank) must be received by Profs Craven or Lake at Indiana University of Pennsylvania by July 1st, 2007. The check should be made out to "*ACA Summer Course*".

Up to twelve graduate student scholarships will be awarded, each consisting of a waiver of tuition costs and campus housing costs with two meals a day. Applications will be judged on the basis of (1) scientific ability, (2) expected benefit from the course and (3) skills in the English language. Student applicants must enclose with this form a personal statement addressing the above three criteria. Also, the student's mentor is asked to mail separately to Prof Craven a letter of recommendation written on institutional letterhead.

Scholarship awards will be announced by June 8th, 2007.

Are you applying for a scholarship?

Will you attend if this is not awarded?
